# METAL WIRE
(ACCESSORY)

COMPANY PROFILE

Guangdong Binmao New Building Materials Co., Ltd. is a comprehensive enterprise dedicated to the research and development, production, and sales of high-quality panels. The company has 6 large modern production bases equipped with internationally advanced production equipment and intelligent management systems, with a daily area of up to 200000 square meters. Its products cover multiple categories such as environmentally friendly "wall panels, outdoor aluminum alloy flooring, wood plastic flooring", and are widely used in indoor decoration, furniture manufacturing, and other fields.

We always adhere to the concept of "green environmental protection, quality first", and all products comply with E0 level environmental protection standards, and have passed multiple international authoritative certifications such as ISO9001 quality management system certification.

The company has a professional technical research and development team, constantly innovating processes, and is committed to providing customers with high-performance, environmentally friendly, and healthy sheet metal solutions. With stable product quality, comprehensive after-sales service, and efficient supply chain system, we have established long-term cooperative relationships with many well-known domestic and foreign enterprises, and our products are exported to multiple countries and regions around the world.

In the future, we will continue to uphold the principle of "craftsmanship and win-win cooperation", create greater value for customers, and promote the sustainable development of the industry.

Splicing
When over 2.5 meters, a splicing connector is required

Inner Corner
Used for recessed wall corners

End Cap
Used for door edges and cabinet edges

Time Story The air is filled with the smell of New Year

Looking back

It is not only art and taste that precipitate

And the traces of life that used to touch my heart
